### RP's outsourcing sector gains from rising wages in India

(Business World (Philippines) Via Thomson Dialog NewsEdge) The Philippine information technology-enabled outsourcing industry, which has been pitted practically since the start against India, is poised to reap a windfall as its biggest rival gives in to high attrition and sharp wage inflation.

Raneiro M. Borja, president of business process outsourcing firm PeopleSupport (Philippines), Inc., recalled that when his company set up shop back in 2000, the starting salary was P12,000. Six years later, its starting salary for call center agents increased by only P1,000 to P13,000.

"That is only one-twelfth wage inflation over a six-year period. That is equivalent to only 8% increase. In India, their wage inflation is running at 15% to 20% every year and yet the attrition rate of one company can go up to 100%," Mr. Borja said in a recent interview.

Attrition in the local call center industry is pegged at 35%. According to IT consulting firm XMG, Inc., this means that for an industry with a current capacity of at least 65,000 agents, 22,500 agents resign every year and 12,350

Some companies have started to consider the Philippines as an alternative," Mr. Mills said in a separate interview.</p> <p>His company does consulting works for companies in the outsourcing industry.</p> <p>Even India-based companies have started to consider the Philippines as a site for expansion. For one, leading Indian conglomerate, the Hinduja Group, recently earmarked some \$25 million for investments in the Philippines, creating its biggest foreign site to date.</p> <p>Miguel P. Juliano, data services manager of Watson Wyatt Phils. Inc., said companies, including those in the outsourcing industry, have started to move away from salary as the means of rewarding their employees.</p> <p>Companies, he said, are now more performance-based and the amount of reward is dependent on the value of the work rendered by the employee in a given period. In the BPO industry, this comes in the form of bonuses and other perks such as shares in the company.</p> <p>[ <a href="#">Back To TMCnet.com's Homepage</a> ]</p> <p><b>Also on TMCnet</b></p> <div style="display: flex; justify-content: space-between;"> <div data-bbox="406 1302 795 1554">  <p><b>Nortel, Microsoft Partner</b></p> <p>Nortel and Microsoft believe unified communications represents a billion dollar market.</p> <p>● <a href="#">Full Story</a></p> </div> <div data-bbox="893 1302 1104 1501">  <p><b>SAP Upbeat on Outlook</b></p> <p>SAP confirms it will meet earnings expectations for this year.</p> </div> <div data-bbox="1364 1302 1477 1533">  <p>Jenn com fierce com risks and</p> </div> </div> <div style="display: flex; justify-content: space-around; margin-top: 10px;"> <div data-bbox="397 1606 698 1690">  </div> <div data-bbox="706 1606 1006 1690">  </div> <div data-bbox="1015 1606 1315 1690">  </div> </div> <div style="margin-top: 10px;"> <table border="1"> <thead> <tr> <th data-bbox="430 1732 527 1848">Product</th> <th data-bbox="544 1732 836 1848">Description</th> <th data-bbox="852 1732 1315 1848">Best Deals</th> </tr> </thead> <tbody> <tr> <td data-bbox="430 1732 527 1848">  </td> <td data-bbox="544 1732 836 1848"> <p><b>Best Deal at Eforcity</b></p> <p><b>Bride and Prejudice</b></p> </td> <td data-bbox="852 1732 1315 1848">  </td> </tr> </tbody> </table> </div>	Product	Description	Best Deals		<p><b>Best Deal at Eforcity</b></p> <p><b>Bride and Prejudice</b></p>		<ul style="list-style-type: none"> <li>• M</li> <li>• Un</li> <li>• E</li> <li>• F</li> <li>• S</li> <li>• I</li> <li>• Fil</li> <li>• A</li> <li>• Qu</li> <li>• C</li> <li>• pre</li> <li>• I</li> <li>• IP</li> </ul>
